EDITOR'S NOTE

Dear Brothers & Sisters

I wanted to share another powerful testimony with you all. I was recently at the dog park, when I was approached by a young lady, her dog and my dog absolutely loved each other. Watching them both play together was the most precious thing in the world. As we were chatting, I noticed a demonic tattoo symbol of a pentagram on her chest. You guys all know me, I knew God placed her in my life for a special reason. I knew her dog and my dog became friends so that we could speak to one another. I knew God ordained this meeting. As we were laughing at our crazy dogs, we began to speak of her tattoos. I asked her what some of them represented, I did this with all respect and decency. I told her that some of her tattoos were really cool looking. I think she was surprised that I complimented her on her tattoos. We got onto my favorite topic in the whole world, JESUS!!

We ended up sitting down on the bench, our conversation lasted over 3 hours. She informed me that she is part of the Wicca Religion. If you are not familiar with this religion let me share with you what it is. The Wiccans are real-life witches. They have a pagan belief system centered on worshipping nature. They feel a connection with earth, as they call it "mother earth". They feel they are a form of a Goddess. They believe whatever energy you put into the world is what you get back. Most Wiccans are peaceful, but a few operate in dark spiritual forces. This young lady explained to me that she was considered a "white witch". She operates for good only. I was completely invested in this conversation; it was beyond fascinating to hear about her beliefs. I mostly listened until it was my turn. You guys know me!!! When she finally stopped talking, I gently grabbed both her hands and held them in mine. I looked deep into her eyes and I said, "my love, you are a child of GOD". I respect your views, but you are worshipping objects. Who made the trees you worship? Who made the full moon you bow down to? Who made the huge/vast ocean? Who designed every single cell in your body? I asked her point blank, are you totally happy? She began to sob, huge tears fell from her cheeks, she said she suffers from extreme depression. I hugged her right then and there and I told her to "please give God a try". I told her how the Bible is literally 100% accurate, how we are living in the final days. I praised her for her willingness to listen to me, and I told her that God is calling her back to HIM. Brothers & Sisters, we are here to help God increase His kingdom, do not miss an opportunity to share God's love with others. Start to look for people who you think need HIM.

I ask God every day, bring me souls that need to hear of your LOVE. Ask God to show you and He will. It might be someone at work, your neighborhood, your child's football coach, someone at the gas station. Keep looking and praying for God to send you people who need HIM. Please keep my friend Vanessa in your prayers!! Also, please pray for my friend Tyler who is having extreme nightmares. Love you all so much!! Have a fabulous October! Happy Fall!!

FEATURE STORY

Dear Readers,

This month we are featuring a very special business. I believe most of you already know and love Dr. Patrick Utnehmer from Promenade Optometry and Lasik. Dr. Utnehmer has been an Optometrist for over 38 years and has lived in Temecula for 32 years. I will never forget the day that we met Dr. Utnehmer. My husband's eyesight has been greatly deteriorating due to old age. My husband asked for me to find a good Optometrist in our city, so I began my search. As a marketing person I walk into a lot of businesses in hopes they might want to advertise in Our Valley Magazine. I had remembered from many months back, walking into Promenade Optometry and Lasik. I remember the staff treated me like an old friend. They were so kind and caring!! I decided to call and schedule my husband's appointment with them. My husband is a very quiet and calm man, never praises anyone or even speaks of anyone for that matter. He came home and told me "that guy is the most down to earth Doctor I think I have ever met." I was so happy to hear that.

As a marketing/ sales person I know the TRUE and AUTHENTIC businesses in our community. As a child of God, we are all granted with the gift of discernment. I knew that I HAD to have Dr. Utnehmer and his amazing company in this publication. I will only work with the BEST, and I cannot promote anyone I do not believe in myself. Make an amazing and long story short, I finally got them in the magazine. Now here is where it gets even more interesting. I knew Dr. U and his gorgeous wife were amazing people, but little did I know just how amazing they really are. Dr. U and his wife Bonnie have literally risked their lives on several missions to Haiti. They travel deep into the jungles of Haiti, landing on a dirt makeshift airstrip with the skilled pilots of MAF Medical Aviation. Once they land, now they must travel by truck and hike deep into the villager's community. They are literally on their own, no protection!! However, I asked Bonnie, "were you ever scared?" She replied "a little" one night when they heard gun shots right outside their hut. However, she and Dr. U knew that God's mighty protection was with them. Dr. U and his wife Bonnie have a HUGE heart for the Haitian people. They feel that God is calling them there for HIS special purpose.

Helping them with free eyecare/surgeries is what God has called them to do. Along with their medical aid, they also speak to them about the LOVE of Jesus Christ. I could literally write a 5 page article on their amazing stories and miracles they both witnessed. One story that I found truly amazing was about a special night of worship. A young teenage daughter traveled with her father for this mission trip. Dr. U noticed her crying during their worship. The next day he asked her father, is she ok? I noticed her crying and I was worried. The man replied, she was crying because she saw a huge light illuminating from behind our heads. She knew it was the fire of God. She was so overcome with emotion that she just broke down crying. There is story after story of how they barely escaped the snare of the devil, but God was with them each time. Running onto a plane with 2 min to spare as war is breaking out, traveling on a bus with a drug dealer, hearing gun shots right outside your hut not knowing if they are coming for you next, dealing with demonic forces of the Haitian peoples culture.

FEATURE STORY CONTINUE

Yet they are still going back again!! I have had the GREAT privilege of writing many articles for business owners, however this article was very difficult for me. I had to stop several times to wipe tears from my eyes. I felt the Holy Spirit when I was sharing this testimony. I absolutely ADORE DR. U and Bonnie, they literally have risked their lives for others. Bonnie could have been raped, kidnapped on several occasions, but she stayed committed to God's plan. Dr. U also could have died in plane crashes (he too is a pilot) and landing on a dirt road is very high risk. One of my husband's closest friend's said he would NEVER attempt to land on a dirt air strip. He said the risks are too great! He has been an experienced pilot for over 35 years and he stated "it's a HUGE risk." When I was interviewing them for this article, I felt the Holy Spirit around them. I knew I was in the presence of God's sheep. I personally call myself a Christian, but I honestly could not do that kind of work. They have a STRENGTH about them that has inspired me to do more!

I found it fascinating that they were laughing at all their near-death experiences. It was literally mind-blowing how much faith, love and compassion they have for others.

Thank you Dr. and Mrs. Utneher for your LOVE and compassion for others. May God continue to Bless Promenade Optometry and Lasik. Please do business with this AMAZING and Blessed Optometrist Office. I will soon be sharing their entire testimony on our Youtube/ Podcast! Testimonies of Hope

Miracles Still Happen Today!

Inspirational Christian Story

Seven years ago, my husband, Shane, who was a construction contractor and volunteer youth minister at Osage Baptist Church in rural Osage, Arkansas, called and said our little boy, Braedyn, had been in a wreck and was in terrible shape. I asked if Braedyn would be OK. My husband had no response, which alarmed me terribly. Waiting for my parents to drive me to the hospital, I felt so helpless. I dropped to my knees and began praying! Then, I started phoning everyone I knew and asked for prayer and they called other people. When I arrived at the hospital, my husband was crying in a way I had never seen a man cry. He didn't want me to see Braedyn. When I did, it was terrible. His head was caved in on the right side. He had blood coming from his ears, eyes, nose and mouth. His pelvis appeared to be completely crushed. His catheter was full of blood, which means internal bleeding. The doctor told us the prognosis looked "very grave" and he might not make the flight to a big hospital in Springfield, Missouri. The thought of placing my baby on a helicopter by himself was just more than I could handle. The pilot asked if I wanted to ride, which is not usually allowed. I held onto my little boy's arm and prayed during the whole flight that God would heal his broken little body. I told God I knew Braedyn was only on loan to me, but I wasn't ready to not be his mommy. I fully trusted God that He would take care of my baby boy. When we landed, everything was so fast-paced. I was placed in a little room all by myself. There, I just continued to pray. After an eternity – actually only about 40 minutes – the doctor came into the room. He seemed to be in shock!! All of the x-rays and tests had been redone and my little boy didn't have a broken bone in his body. No internal bleeding. He was bruised and banged up very badly, but the doctor said "I can't explain what happened. I thought I was going to be telling you there was nothing we could do, but instead I get to tell you that you are very lucky." I said, "We are not lucky, we are BLESSED! Our God saved our little boy." When we finally got to see him, his head was no longer caved in. He did have to be bed-bound for two weeks, but it was nothing we couldn't handle. When we went for a check-up, our family doctor cried and hugged Braedyn. He said "I prayed so hard but I never thought I would see this little guy again." God is so good! Braedyn is our little miracle boy!

Question to Esther

Ask A Question

WITH

Esther

Question:

Dear Esther,

Thank you for your article. My mom gets this magazine and I love reading your page. I thought I would ask your advice on a personal issue. I am 17 years old, and I have been struggling with something very personal. My boyfriend and I have been dating for over 7 months. He has been pressuring me to have sex. It's been really hard because I too want to have sex. I love him very much and I know he loves me. My family wants me to marry as a virgin, but I think that's silly nowadays. I look forward to your reply and advice.

Confused Teen

Answer:

Dear Confused Teen,

I'm glad that you love to read my page in Our Valley Magazine. Even though you are only 17 years old, you are trying your best to listen to your family's advice. I really admire your character. Thank you my darling girl for trusting me with your personal issue for advice. Please take into consideration on how serious is the subject of sex. You and your boyfriend may love each other deeply, but following your heart in an uncommitted relationship was not what God had planned for us. Just after God created the whole world, He performed the first Wedding Ceremony in the Garden of Eden. The wedding was the union of a man and a woman in Holy Matrimonial agreement instituted by God before sin happened. Please read: Genesis 2:18-25. Nowadays after sin, the purity of sex became perverted. Sex was made for a couple only after they got married and made an agreement of loyalty until death depart. For young people to have sex, it involves so many risks, complications, and responsibilities that you may not be mature enough to cope with in an adequate manner. Believe me, accidents happen. If you get pregnant, it would deeply affect your life in the present time and in your future as well. Things can then become much more complicated for everyone. King Solomon was a wise man with lots of great advice. Take some time to read his books of Proverbs and Ecclesiastes, they are very short. In Ecclesiastes 3:1 he starts saying: "For everything there is a season, a time for every activity under the heavens." You already explained that you and your boyfriend are in love with each other, it's great! My suggestion is for you to talk with you boyfriend and explain that it's too early for you to have sex now, and you would like to wait and obey your parents request. If your boyfriend really loves you, he will agree with you to maintain your loyalty to your family, and protect yourself. "Children, obey your parents in the Lord, for this is right. Honor your father and mother, which is the first commandment with promise." Ephesians 6:1,2. Proverbs 13:1 "A wise child accepts a parent's instruction." "If you love Me, obey my commandments." John 14:15. "Grace and peace to you from Him (God) Who is, Who was, and Who is to come." Revelation 1:4. I believe in my heart that you are a very honest person, and belong to a respectful family. I really wish you all the happiness in the world.

Sincerely from my heart,

Esther

“LET’S SUPPORT OUR OWN”

Our Temecula Auto Mall is a PROUD supporter of Our Temecula Valley Publication. These local dealerships TRULY believe in our community and LOVE OUR LORD! They give back to our schools, teachers, students, athletes, churches, medical professionals, military, police...and the list goes on and on. One dealership even goes above and beyond to help with our local animal shelter (Animal Friends of The Valley). These owners/managers are GREAT people. I have the pleasure of personally knowing them all. Please visit our website, OurTemeculaMagazine.com or Instagram @OurTemeculaValley to meet our amazing dealerships on a personal level. Hear their answers to tough questions. Get to know them. I promise you won't shop anywhere else! Remember, we need to shop and play locally! Our community needs our support. We live in the BEST city in all of Southern California. Let's show them loyalty as we drive around with new car plates from our own city! What a blessing to know that we gave back to our own!
